

**SAFcomm® Pty Ltd** is a contractor compliance management consultancy focused on meeting the needs of our Clients, their contractors and suppliers, by offering a fully managed service to manage clients' contractor information, through capturing, verifying and updating details including insurances, licenses, QA & OHS compliance, and contractor experience and capabilities. Client/Contractor databases are available through an online web host service.

Our Quality Management System is based on the international quality management standard AS/NZS ISO 9001:2008.

Our management system addresses the following needs:

- Availability of information and resources necessary to support our operations
- Understanding the needs of our clients
- Selection and training of staff and subcontractors to maintain high standards
- Continuous quality inspection and testing practices
- Compliance with relevant regulations
- Commitment to health and safety management
- Regard for our environment during all processes
- Compliance with privacy and data security requirements
- Monitoring our clients' level of satisfaction through regular client communication meetings and phone conferences
- Ensuring that not only our immediate clients, but also end-users and other stakeholders benefit from the quality of our work
- Improving our business through business plans, goal setting and performance measurement
- Maintaining the suitability and effectiveness of our management system through continual improvement.

This statement is issued to indicate our commitment to our product, our clients and our standards of service. The full support of our employees, suppliers and subcontractors is sought in meeting our commitment.
